PA or FOI
The Department has received the subject agreement and accompanying exchange of notes. However, in preparing manuscript for printing these documents in the Department's TIAS series it was discovered that a phrase was omitted from the note signed by the Ambassador. On page 1, paragraph 2, following the word "Agreement," at the end of the third line, the phrase "certain understandings were reached on Behind the Gateway services" should appear before the words "and Change of Gauge" on line 4. The second paragraph should, therefore, read as follows:

"In the course of the consultations between aviation delegations representing the two Governments, held in Rome from April 14 to May 21, 1970, leading to the conclusion of this Agreement, certain understandings were reached on Behind the Gateway services and Change of Gauge. These understandings are as follows:".

Apparently the Foreign Office prepared its response to this note from a draft containing the omitted phrase, since this phrase appears in both the Italian text of Minister Moro's note, as well as the English translation accompanying the note.

The Embassy is asked to request that the words "certain understandings were reached on Behind the Gateway services" be inserted in ink, immediately following the word "Agreement", at the end of line 3 of paragraph 2, page 1 of the original of the note signed by Ambassador Martin on June 22, 1970, now in the possession of the Foreign Office. The Embassy should notify the Department, attention of the Assistant Legal Adviser for Treaty Affairs, when the Foreign Office has made this addition. The Department will then make this addition in the certified copy of the note in its possession before printing in the TIAS series.
